

# Government Finance Solutions

**STATE & FEDERAL PUBLIC FUNDING**

State and federal governments provide significant public funding each year. With the passage of the American Rescue Plan (ARPA), the \$1.2 trillion Federal Infrastructure bill, and proposed \$2 trillion human infrastructure bills, public funding programs opening throughout the fiscal year will require a multi-year strategy to leverage the right public funding opportunities for your community.

## 2022 to 2024 Funding Priorities

- Recover from the COVID-19 Pandemic
- Address revenue impacts from the Pandemic
- Stimulate economic development & job growth
- Construct infrastructure improvements
- Promote clean energy and resilience

## 2022 to 2024 Funding Goals

- Identify/prioritize/plan/design/construct infrastructure and facilities
- Achieve community and economic development.
- Develop public funding strategy
- Leverage available public funding

Director John Mizerak, MPA assists clients with identifying, securing, and leveraging public funding to implement priority projects. Throughout his career, John has assisted clients with securing more than **\$80 million** in state and federal funding.
